**NEW**

*We want you to have the best experience possible with Dromad Hire that's why we offer a range of products and services to help you complete your tasks, safely, conveniently, and cost effectively.*

This robust, highly capable micro scissor lift boasts all the specifications of a larger traditional scissor lift without the added weight and bulk. It is powered by advanced lithium batteries providing unrivalled run time on a single charge. At only 0.76m wide and under 1.85m high, it will fit through a standard door without folding the rails. This latest machine from Snorkel is the contractor's choice, and it is ideal for any factory maintenance application or order picking.
