

High Quality Double Sided Podium Step Ladder

The aluminium extendable podium ladders are a high quality working platform. These podiums are designed for one man operation and can be quickly and simply adjusted to various heights. These podiums are fitted with a large platform with a toe board for convenience and safety. These podium ladders are fitted with rubber wheels and are easily manoeuvrable. These extendable podium ladders are height adjustable rung by rung, as these are adjustable they are suitable for use on stairs. They are also fitted with a safety guard hand rail on all sides, 360 degrees.

These podium ladders are safe, stable and suitable for all site work and maintenance work. They have been designed so that they fold flat and can be stored in small areas, they will pass through a standard doorway and can be transported on a car roof rack.

Steps:	Closed Height	Opened Height	Weight:
4-6	1.10m	1.62m	23kgs
5-8	1.36m	2.14m	26kgs
6-9	1.64m	2.36m	31kgs
7-11	1.88m	2.95m	34kgs
